SECRET

Leg Gen

7. [redacted] Bill Wright, Press, Legislative Assistant to Senator Milton R. Young (R., N. Dak.), called to say that in February of 1971 they had inquired about the possibility of reassignment of an Agency employee who was the daughter of one of the Senator's constituents and who was dissatisfied with her work and that they would like a current report on the status of this individual. I said I would look into it and let them know.

After checking with the Office of Personnel, I told Wright that the individual is now being considered for an overseas assignment and that we would advise him of the outcome.

8. [redacted] Received a call from Mr. Ratliff, of the White House staff, regarding S. 2321. He said the NSC would like very much to have some suggested language to replace the last sentence on page two of [redacted] draft. They would like a sentence which would say something about the present arrangements seem to be adequate or satisfactory and then follow with some statement whereas the changes suggested in the bill would lead to inefficient or would hinder effective management. I told Mr. Ratliff that I would pass the information on and have [redacted] get in touch with him.

9. [redacted] Phil Stanford, in the office of Representative Les Aspin (D., Wisc.), called and requested a listing of the President's Foreign Intelligence Advisory Board. Material sent.

10. [redacted] George Gilbert, OMB, called and requested Agency comments on testimony to be given Tuesday, 26 February, by John Norton Moore, Chairman, NSC Interagency Task Force on the Law of the Sea, before a congressional committee considering H. R. 12223. The bill concerns exploration by American companies of hard mining resources in deep sea bed waters currently under international negotiations. Gilbert asked for our comments no later than Monday morning. I called [redacted] DDI, the CIA member of the Interagency Task Force. He is reviewing the transcript and will call Monday.

11. [redacted] Accompanied by [redacted] met with Chairman Lucien Nedzi, Intelligence Subcommittee, House Armed Services Committee, in accordance with the Director's instructions and delivered to him a copy of the 22 February 1974 memorandum on the Watergate incident signed by Howard J. Osborn, D/Sec. It was explained to Chairman Nedzi that the memorandum contained the extent of Agency knowledge of the alleged incident. No interviews have been conducted with any of the individuals mentioned who are no longer on Agency rolls. Chairman Nedzi at first suggested that it might be well for the Director to [redacted] Following discussion of the point, it was his view that investigation or interview of persons no longer with the Agency might better be handled by the Jaworski staff.
